

Research Informationist, Full-time
Strauss Health Sciences Library, University of Colorado Anschutz Medical Campus
Location: Metro Denver, Colorado

For a full job description and to apply, please visit the [CU Careers position page](#). If the posting does not load, visit www.cu.edu/cu-careers > Anschutz Medical Campus and search position number: 30175

Outside or indoors, Colorado has something for everyone. Close proximity to the Rocky Mountains means easy access to beautiful national and State parks, professional sports, a vibrant arts and cultural scene, eclectic and award-winning dining, and craft breweries. The University of Colorado Anschutz Medical Campus is a rapidly growing world-class medical destination at the forefront of transformative education, science, medicine, and healthcare.

The Research Informationist is a non-tenure-track faculty position that coordinates the operation of the Education & Research Department's Professional Literature Service.

Major responsibilities include:

- Manage search service workflow and tracking platform
- Conduct expert literature searches
- Innovate new approaches to promote best practices for evidence synthesis methodology
- Promote use of appropriate research management tools and best practices for evidence synthesis (e.g., Covidence, DistillerSR, Rayyan, GradePro)

Salary range (faculty rank will be based on years of experience):

- Assistant Professor: \$77,000-\$83,000

CU Anschutz offers perks and benefits that include health insurance, hybrid/flexible scheduling, in-house IT support, retirement plans, tuition benefits, discount transit pass, paid time off – vacation, sick, holidays, professional development funds, and more. For more information <https://www.cu.edu/employee-services/benefits-wellness>

We are committed to recruiting and supporting a diverse team of faculty and staff, and strive to promote a culture of inclusiveness, respect, communication and understanding.

Required qualifications:

- Master's degree or higher from an ALA accredited library school or international equivalent
- Five years post-MLS librarian work experience
- Training, coursework, or continuing education/professional development with evidence synthesis search methodologies, protocols, guidelines, and standards for conducting and reporting evidence projects such as PRISMA, Cochrane, and the Campbell Collaboration.
- Advanced literature searching skills, including search strategy development; database translation

Timeline:

- Applications due: July 10, 2023

- Anticipated start date: October 2023

The University of Colorado has a requirement for COVID-19 vaccinations and full completion thereof by 9/1/21 or upon start date. Information regarding this requirement, and exemptions [can be found here](#) for the Anschutz Medical Campus. Information about exemptions to the COVID-19 vaccination requirement [can be found here](#).
